

Dancefair 2012

Solid State Logic in association with Joystick, will be attending this year's Dancefair in Utrecht.

SSL will be exhibiting an extensive range of advanced audio production technology and SSL product experts will be on hand to offer advice and provide demonstrations. SSL will show **Matrix**, **Nucleus**, **X-Desk / X-Panda**, **X-Rack**, **XLogic I/O** and the **Duende Native** plug-in suite.

This event offers you a unique opportunity to see and hear the improvements SSL technology can make in your audio productions.

For more information or to book a personal demonstration, please **RSVP** using the contact details below.

11th - 12th February 2012

10:00am - 8:00pm

Jaarbeurs Utrecht, Jaarbeursplein, Utrecht 3521, Netherlands

RSVP...
